50 CENTS PER MONTH

HORSE'S KICK KILLED HIM

Herbert Struthers, Raised in
This County, Is Dead
at Merced

WAS VETERINARY
SINCE LAST APRIL

News of Sudden Death Re-
ceived By His Parents
on Fifth Street

Dr. Herbert Struthers, veterinary
surgeon, was killed by a horse at
Merced yesterday. Dr. Struthers was
the son of Mr. and Mrs. Alexander
Struthers, who live at the corner of
Fifth and Porter streets, and he was
formerly a student in the Santa Ana
High School.

Dr. Struthers was but a young man.
He lived for a number of years south
of Bolso, and then moved to Santa
Ana with his parents. Before complet-
ing high school, he went to San Fran-
cisco to study to be a veterinary sur-
geon, his brother being a veterinar-
ian in the Federal employ. He gradu-
ated from the college last April, and
located at Merced.

The exact character of the injury
that brought death is not known here.
Yesterday his father received a tele-
gram stating that the son had been
kicked by a horse and was uncon-
scious. Shortly afterward another tele-
gram was received stating that death
had occurred. The father went to
Merced last night to bring the re-
mains here for burial.

MILLIONAIRE WAS BRUTE TO HIS WIFE

So Says Mrs. Moore, Who Al-
leges That He Pushed Her
Through China Closet

REDWOOD CITY, Cal., Nov. 16.—
The complete breakdown of Mrs. Lil-
ian Moore, who is suing her million-
aire husband, J. J. Moore of San Fran-
cisco for a divorce, brought to a close
this morning's session in a case which
is likely to develop as sensational
features as any in the California
courts for years.

Mrs. Moore was describing an en-
counter with her husband in which
she said she shoved her head through
a china closet, when she suddenly col-
lapsed. Judge Buck ordered the ses-
sion of court adjourned.

The attorneys were questioning
Mrs. Moore in regard to incidents pre-
ceding the scenes in which she al-
leged Moore threw her through the
china closet.

"What caused this trouble?" he al-
leged.

Mrs. Moore hesitated as though she
did not care to answer, then she said:
"I did not wish to tell this, but you
brought it out. My husband asked
Lena, my maid, to meet him in the
city."

"What did you mean by stating your
husband was emotional?" she was
next asked.

"Well, for instance, if I told him
we were going to have guests for din-
ner, he would drop helplessly back
in his chair, throw his paper away, let
his arms drop to his sides and ex-
claim, 'Oh, my God!'"

DESTROYERS TO
BE OVERHAULED

VALLEJO, Nov. 16.—Word was re-
ceived at Mare Island yesterday that
all destroyers comprising the Pacific
torpedo flotilla would arrive here ear-
ly in December for docking and over-
hauling.

These vessels were to have accom-
panied the cruiser fleet to Honolulu,
but orders to this effect have been
revoked. Owing to the lateness of the
season, it was feared the destroyers
would encounter too much rough
weather.

GOVERNMENT IS OPPOSING
INDEPENDENT TOBACCONISTS

NEW YORK, Nov. 16.—United
States District Attorney Wise, acting
under instructions from Attorney Gen-
eral Wickersham, yesterday filed ob-
jections in the United States Circuit
court here to the granting of the pe-
tition of the independent interests or
intervention to restrain the Amer-
ican Tobacco Company's proposed re-
organization.

Henry of Texas Draws a Strong Anti-Trust Bill

WASHINGTON, Nov. 16.—Con-
gressman Henry of Texas, today
completed a bill for the elimina-
tion of the "rule of reason" in-
terpretation of the Sherman anti-
trust law.

It outlines definitely what is
and what is not a trust, and will
be introduced early in the coming
session of Congress.

One of the principal features of
the Henry bill is a provision for
a prison sentence for trust of-
ficials. It makes the formation or
maintenance of a trust a felony
punishable by imprisonment from
two to ten years.

German Birdman
Breaks Neck in Flight
BERLIN, Nov. 16.—Herr Pletschker,
an aviator, was killed yesterday while
making a flight. His aeroplane became
unmanageable and crashed to the
ground, breaking the aeronaut's neck.

Ogden Fire Fatally
Hurts 2—Damage \$300,000
OGDEN, Utah, Nov. 16.—Two per-
sons were fatally injured and the en-
tire business district of the city
burned with damage aggregating
\$300,000 incurred in a fire gutting the
Eccles building here today.

Tobacco Trust Decree
of Reorganization Signed
NEW YORK, Nov. 16.—The decree
of the Federal Circuit Court in the
Tobacco Trust case, was signed and
entered by the judge this afternoon.
The judge expressed his opinion that
two additional months from Decem-
ber 28, the time allotted to reor-
ganize, was required for the company to ful-
fill the provisions of the reorganization
plan. Extension to February 28, was
accordingly granted.

Heiress to \$2,000,000
Marries San Franciscan
PHILADELPHIA, Nov. 16.—At noon
today Marie Louise Elkins, daughter
of the late William Elkins, Jr., the
heiress of two millions, married Chris-
tina DuGuigno, Jr., of San Francisco.
Only the immediate relatives and
close friends of the contracting par-
ties were present. Miss Katherine
Donahue was maid of honor and Fred-
erick Frelinghuysen of New York was
the groom's best man.

Rebating R. R. Officials
Indicted by Federal Grand Jury
NEW YORK, Nov. 16.—It was de-
clared at the Federal building this
afternoon that indictments had been
presented by the Federal grand jury
against railroad rebating officials
here, on the charge of rebating.
Bench warrants are said to have been
issued charging the officials of the
company, who also were indicted.

VOTES AGAINST WOMEN WERE FROM SLUMS SAYS WORKER

CHICAGO, Nov. 16.—Catherine
Vaughn McCulloch, speaking before
the National Council of Women Tues-
day, predicted that country-wide
equal suffrage will come with pro-
gressive politics.

The California victory, a signifi-
cant triumph for the cause of equal
suffrage, came as the result of pro-
gressive politics and the result will
be the same in every state," said
Mrs. McCulloch.

"In the San Francisco election
there were 12,000 voters who op-
posed woman suffrage. Almost to a
man the votes came from the slum
district. The better class of men, the
clean voters, are in favor of our en-
franchisement."

GOVERNOR OF NEBRASKA SAYS PROGRESSIVE PARTY FOLLOWS PATHWAY BLAZED BY NAZARENE

KANSAS CITY, Mo., Nov. 16.—De-
claring that Christ was an insurgent,
and drawing a graphic parallel be-
tween the life work of the Nazarene
and the progressives in modern pol-
itics, Governor Chester H. Aldrich,
of Nebraska, addressed the Trans Mis-
sissippi Commercial Congress in re-
ference to the plan of congress to limit
the jurisdiction of the minor Federal
courts, in order to prevent them from
enjoining state officers from enforcing
the laws of the states.

"There will always be those saying

cussion, is too radical; that it spreads

NEW SECRETARY OF COUNTY'S Y. M. C. A.

Robert J. Hamilton, All-round
Wonder From Illinois,
Is Selected

CAMPAIGN BEGUN
TO RAISE FUNDS

Activity and Enthusiasm Mark
New Period in the
Good Work

Wednesday night the county com-
mittee of the Y.M.C.A. of Orange
county met at the First Presbyterian
church. Those present were Geo. B.
Key, Placencia; F. D. Plavin, Tal-
bert; P. M. German, Garden Grove;
Prof. J. F. Walker and Dr. Johnson,
Anaheim; Elmer Dean, William Star-
buck and Mr. Lillie, Fullerton; W. B.
Tedford, H. W. Lewis and Lewis
Gail, Santa Ana.

State committee representatives
meeting with the local workers were
L. E. Jones, T. J. Wilkie and Mr. Mc-
Rae, all of Los Angeles.

Robert J. Hamilton of Oak Park,
Ill., was selected as secretary of Or-
ange county. A financial campaign
was opened for the purpose of secur-
ing a large fund to carry on the county
work. This special effort will be in
conjunction with work by L. E.
Jones, special state secretary. Al-
ready results are seen from this ef-
fort.

Mr. Hamilton begins work Nov. 20,
with his headquarters in Santa Ana.
This new man in the field comes with
seven years' experience in Illinois,
where he was assistant secretary and
director of boys' work. He graduated
from the Northwestern University of
Evanston, Ill. He was a school teach-
er for four years in Illinois, and
taught a night school in manual
training. In his association work he
has done an all-round work in Bible
study clubs, religious meetings, sum-
mer camps, anti-cigarette leagues,
training leader for boys clubs, Bible
classes and Boy Scouts, in co-opera-
tion with every agency interested in
the moral, religious and all-round de-
velopment of boys and young men.
The local workers are now filled with
new enthusiasm in this bright out-
look for greater things along Y.M.C.
A. lines in this county.

The finance committee is: H. W.
Lewis, Tustin; P. M. German, Gar-
den Grove; F. D. Plavin, Talbert;
Wm. Starbuck, Fullerton; Prof. J. F.
Walker, Anaheim.

MEXICO MENAGED WITH STRIKES BY FOES OF MADERO

MEXICO CITY, Nov. 16.—General
strikes throughout all of Mexico are
threatened today as a result of the
activities of the enemies of the Ma-
dero government, and serious trouble
has already begun at Torreon, Pueblo
and San Luis Potosi.

Troops have been ordered to Tor-
reon, reports indicating that condi-
tions there are desperate.

SMALLPOX IN OTTAWA;
DUKE'S SUITE VACCINATED

OTTAWA, Ont., Nov. 16.—The mem-
bers of the Duke of Connaught's
household are to be vaccinated. Dr.
Worthington, medical attendant to
the royal household, has applied to
Ottawa's head office and secured a
supply of vaccine. The smallpox in
Ottawa is mild but government house
officials believe in taking all avail-
able precautions. The Duke of Con-
naught is King George V's uncle.

GOVERNOR OF NEBRASKA SAYS PROGRESSIVE PARTY FOLLOWS PATHWAY BLAZED BY NAZARENE

KANSAS CITY, Mo., Nov. 16.—De-
claring that Christ was an insurgent,
and drawing a graphic parallel be-
tween the life work of the Nazarene
and the progressives in modern pol-
itics, Governor Chester H. Aldrich,
of Nebraska, addressed the Trans Mis-
sissippi Commercial Congress in re-
ference to the plan of congress to limit
the jurisdiction of the minor Federal
courts, in order to prevent them from
enjoining state officers from enforcing
the laws of the states.

"There will always be those saying
that this doctrine, this kind of dis-
cussion, is too radical; that it spreads

general discontent and results in no
good," declared the governor. "The
cry is that it hurts business. The Man
of Galilee once faced this charge, and
answered: 'I have not come to des-
troy, but to fulfill.' Conservatism
said, 'You are killing our ancient
faith; you are leading the people
away; you are killing our business.'
For this they crucified Him.

"It is true that He insured, de-
stroyed, tore down and changed the
order of things. But He tore down on-
ly that which ought to have been de-
stroyed. The Nazarene demonstrated
that progressiveness without destruc-
tiveness is a meaningless platitude."

GOVERNOR FOSS PRESIDENTIAL POSSIBILITY

Bryan Urges Democratic En-
dorsement of Man of
Massachusetts

SAYS FOSS STOCK IS UP
IN POLITICAL MARKET

Declares Harmon Backing Is
Unfortunately Shifting
to Underwood

LINCOLN, Neb., Nov. 16.—Coming
out strongly for Governor Eugene N.
Foss of Massachusetts, as a presiden-
tial possibility, and declaring that
the political backing of Governor Judson
Harmon of Ohio, is shifting to Rep-
resentative Oscar Underwood of Ala-
bama, whose nomination as a Demo-
cratic candidate would be unfortu-
nate for the South, William Jennings
Bryan, urges the endorsement of Foss
by the Democratic party, in a Com-
moner editorial today.

"The re-election of Foss as gov-
ernor of Massachusetts on a radical
platform has advanced his stock in
the political market," declares the
Commoner. "If you are a progressive
Democrat, read the Massachusetts
platform and election returns, then
ask yourself, 'What's the matter
with Foss?'"

"The commoner takes pleasure in
calling attention to the fact that
Foss is not only one of the men to
be considered, but to the further fact
that his claims upon the party have
been strengthened by the endorse-
ment given him by Massachusetts
voters."

BEEF BARONS SEEK TO DELAY TRIAL

Government Hopes to Fore-
stall Appeal to Higher
Court By Packers

CHICAGO, Nov. 16.—In the hearing
of J. Ogden Armour and nine of the
other beef barons here today before
Judge Kohlsaat of the Federal Cir-
cuit Court, will be threshed out the
last technicality raised by packers to
gain time in order to more effectually
fight impending jail sentences for vi-
olation of the Sherman anti-trust law.

Judge Kohlsaat has already ruled
that he can review the decision of a
district judge in his own circuit,
which has established a new prece-
dent. Today he will rule on the con-
stitutionality of the penal provision
of the Sherman law. Packers, in their
petition, allege that the penal section
of the Sherman act is defective and
unconstitutional, inasmuch as it does
not set the standard whereby the law
violation can be measured, and that
it is too indefinite. By winning out
before Judge Kohlsaat, the govern-
ment hopes to forestall an appeal, by
the packers to the Federal Supreme
Court. An appeal would delay the case
for a long time.

The packers, under indictment
for criminal violation of the Sherman
anti-trust law, Tuesday surrendered
themselves to the Federal authorities
and through their lawyers secured an
order for a writ of habeas corpus,
thus taking the case out of the juris-
diction of the United States District
Court, where Judge Carpenter had set
the trial of the packers for next Mon-
day.

REVENUE CUTTERS
TO PATROL EASTERN
COAST ALL WINTER

WASHINGTON, Nov. 16.—To ren-
der assistance to vessels in distress
at sea during the season of bad
weather, President Taft yesterday or-
dered the entire Atlantic fleet of re-
venue cutters to patrol the coast from
Maine to Florida, beginning Decem-
ber 1, remaining at sea until April 1,
1912.

The revenue cutters will be stocked
with provisions, water and fuel with
which to extend relief. None of them
will seek harbor during the entire five
months, except as necessity demands.

CHANGE OF VENUE IN
RICHESON'S CASE ASKED

BOSTON, Nov. 16.—Attorneys for
Rev. Clarence V. T. Richeson, accus-
ed of the murder of Avis Linnell, are
to make a motion for a change of
venue for the trial of the murder
charge, it was learned yesterday.

The attorneys who are to battle for
the life of the minister have decided
that public feeling in Suffolk county
is such that an unprejudiced jury
cannot be drawn, even from a long
list of talesmen.

DARROW WOULD HAVE BURDETTE IN COURT

Preacher-Humorist's Reference to Red-
Handed Anarchy Rouses Ire—
Judge Declined Issue

LOS ANGELES, Nov. 16.—A direct
demand that Rev. Robert J. Burdette,
minister and humorist, be cited by
Judge Bordwell to explain his speech
yesterday at the dedication of the
monument to the twenty victims of
the Los Angeles Times disaster, in
which he declared the men were
"victims of red handed anarchy," was
made in the McNamara case today.
Attorney Darrow after interrogating
Herbert Ives, a Pasadena undertaker,
who was later excused for cause, asked
Judge Bordwell whether he had read
Rev. Burdette's speech. Darrow
then suggested that Burdette be cited
to explain his utterance.

Judge Bordwell smilingly suggested
that Darrow continue the interroga-
tion, which was done. It is unlikely
that there will be anything done in
the matter. It is generally accepted
that the speech was not in any way
the contempt of court. At the most,
the entire matter can hardly be charac-
terized as anything more than bad
taste, and it is admitted that Judge
Bordwell has enough real issues on
hand at present to prevent his going
outside of the real issue.

The morning session was stormy in
the extreme, and Darrow was plainly
angered because the State refused to
aid him in excusing venieman J. A.
Ross of Pasadena, a painter, who im-
passionately assailed what he alleged
was a privilege given the State in the
examination of two jurors previously
excused because they were mentally
incompetent to try the issues, and
which he held was refused him in the
present instance. Judge Bordwell em-
phatically, but in a strictly judicial
manner, rebuked the counsel for the
defense for his zeal, and for a few
minutes it looked as though there
might be a citation and a commit-
ment for contempt.

Judge Bordwell made it plain by his
attitude that both sides would be
held directly to the points at issue
from now on. Counsel was still try-
ing to qualify the twelfth juror when
the luncheon recess was ordered.

THEY PLEAD GUILTY TO LIGHT OFFENSE

Gilded Youth of Lincoln, Kas.,
Charged With Crime, Seek
Way of Escape

LINCOLN, Kan., Nov. 16.—E. E.
Clark, James Fitzwater and John
Scranton, three prominent young
men of this city, pleaded guilty to as-
sault here today when arraigned on a
charge of tarring and feathering Miss
Mary C. Chamberlain, a school teach-
er.

The defense attorneys pointed out
the fact that in Kansas there is no
statute covering tarring and feather-
ing, and that they considered it better
to plead guilty to assault than to
stand trial. Sentence is withheld un-
til the end of the present term of
court.

PRESIDENT RIPLEY TO
WINTER IN CALIFORNIA

CHICAGO, Nov. 16.—E. P. Ripley,
president of the Santa Fe railroad,
with a sore throat, will leave Chicago
tonight for Santa Barbara, Cal.,
whence he will direct the operations
of the 8000-mile system until the local
weather reforms in the late spring.

Some weeks ago Mr. Ripley's throat
became affected by the change in
weather and physicians ordered him
to refrain from talking. For some time
he did not speak above a whisper, and
more recently he has talked only
when absolutely necessary.

LABOR FEDERATION URGES WORKMEN'S COMPENSATION LAWS

ATLANTA, Nov. 16.—The receiv-
ing of delegates from foreign lands,
the presenting of the report on British
labor conditions, a decision to urge
upon congress a comprehensive work-
men's compensation law, and the
introduction of a resolution condemn-
ing civil federation, were among the
important business matters consid-
ered in today's session of the Amer-
ican Federation of Labor, in conven-
tion here.

The Federation decided to urge
upon congress the passage of a work-
ingman's compensation law giving a
minimum of five years' wages to the
families of employees killed in ser-
vice.

GOV. JOHNSON SUCCESSFULLY DEFENDS REFORM POLICIES BEFORE STATE BAR ASS'N

SACRAMENTO, Nov. 16.—Governor
Hiram W. Johnson stood before the
members of the California Bar Asso-
ciation in their session in the Labor
Temple yesterday and denounced the
attacks that had been made upon the
reform legislation passed in the last
legislature in the speeches of Presi-
dent Lynn Helm of the association,
and the address yesterday of Judge
Meldrim of Georgia. Governor John-
son's remarks were especially direct-
ed against the president's annual
speech in which the recent amend-

ment to the constitution of Califor-
nia providing for the recall of judges
was attacked.

Warm applause greeted the close of
the governor's speech, and resolu-
tions were introduced by Judge Gray
of San Francisco, pledging the bar
association to the support of the gov-
ernor in the principles he had outlin-
ed; that a resolution be printed and
distributed to all associations; that
a committee be appointed to confer
with the governor and render him all
the assistance possible. The resolu-
tions were unanimously adopted.

ARE CRUISERS ON THE WAY TO CHINA?

Believed U. S. Ships Sailing
Yesterday Under Sudden
Orders, Go to Orient

WAR DEPARTMENT WAITS
ORDERS FOR REGIMENT

Filipino Troops Will Not Be
Sent to China Under Any
Circumstances

WASHINGTON, Nov. 16.—After a
two hours' conference with President
Taft today, Secretary of State Knox
declared that a conference of foreign
ministers was being held at Pekin to
decide whether they will ask their
home governments to send troops to
China or not.

Secretary Knox declared the situa-
tion was acute, and showed that the
government here feared a repetition
of the Boxer outrages by stating that
every step had been taken to prevent
such occurrences. Knox states that
America will send troops to China
only when the other powers take
similar action.

CRUISERS MAY BE
BOUND FOR THE ORIENT

WASHINGTON, Nov. 16.—War De-
partment officials are awaiting orders
here today for the sending of troops
from Manila to China, following the
State Department's notice that a re-
giment may be needed. The War De-
partment has decided that the Phil-
ipinos will be sent from the Philippine
Islands, no matter how many soldiers
America may need in China. It is
feared the sight of the Filipinos
would arouse Chinese hostility.

U. S. SHIPS THOUGHT
TO BE ON WAY TO CHINA

SAN DIEGO, Nov. 16.—It is be-
lieved here today that the situation in
China caused the sudden departure
of the cruisers California, South Da-
kota and Maryland for San Francisco
last night. The cruisers West Virginia
and Colorado sailed today.

It was developed today that the
three cruisers which sailed last night
left provisions worth \$22,000 on the
docks here. The supply ship Glacier
is taking them on today and will over-
take the cruisers with them.

Cincinnati Off for China
VALLEJO, Nov. 16.—The gunboat
Cincinnati, Samuel S. Robinson, com-
mander, left Mare Island this morn-
ing for China.

HAS INITIALS BUT NOT MOTORCYCLIST

Old Hat in Hands of Sheriff
Turned Over to Him By
Angry Bootblack

Who Is H. C. M.?

Sheriff Rudcock has a hat with
those initials punched in the sweat-
band, and just for curiosity if for
nothing else the sheriff would like to
know who owns the hat.

Adam Phillips, a bootblack, gave
the hat to the sheriff and Constable
Squires. Phillips said that Tuesday
morning about 7:45 o'clock a boy
employed at Phillips' stand was riding
Phillips' bicycle, and at the corner of
Fourth and Main streets was struck
by a motorcycle going forty-five miles
an hour. The motorcycle was on the
right side of the street, while the
bootblack was turning the corner.

The bicycle had a rim broken and
the frame bent. The motorcycle
kept on going, leaving no name, no
number, no nothing, but his hat be-
hind. That hat is an old soft brown
hat, and it bears the initials of H.
C. M. Who is H. C. M.?

If caught, the only charge that
could be made against H. C. M. would
be that of speeding.

AMERICAN ARTISTS ARE
LOSERS BY CONDITIONS

ROME, Nov. 16.—The grand jury
at the International Art Exposition
made the final award of prizes today.
Four of the eleven jurors are Italians.

The American artists were excluded
by the closing of the American pavil-
ion when the insurance was permitted
to lapse October 31.

John Singer Sargent, Jessie Wilcox
Smith, Elizabeth Shippen Green and
Jules Guerin probably would have
received a grand prize by their ex-
hibits.

square meal. This has become known among the fraternity, and acts as a standing invitation to them to come. The judge says that if the practice were abated, the hobo sent off about his business, the word would soon be passed around among them, and many of them would give us a wide berth. This is excellent advice, and should be heeded.

The necessity for more jail room was again discussed by the city trustees on Thursday evening, and it was decided that something must be done immediately to relieve the overcrowded condition of the city bastille. Marshal Kellenberger stated that he sometimes has as many as ten prisoners in his small pigeon-holes and the situation is growing worse on the approach of winter. Hoboes and other undesirable visitors are getting more numerous and some of them are trying to break into jail in order to secure food and shelter. He cited an instance a day or two previously where a hobo who had asked to be arrested and was refused, seized two lap robes from an automobile and made off with them. He secured sixty days' free board.

It was decided to build a concrete addition in the rear of the city hall, and a committee consisting of Trustee Gates, City Engineer Steward and Marshal Kellenberger was appointed to draw up the plans and estimate the cost.

MORE SEWERS ARE TO BE LAID SOON

Orange News: The inside sewer system is to be extended at once on four streets where the location of flush tanks is necessary for the proper operation of the system.

These streets are North Olive from the present end of the sewer to the Glassell street school; North Orange, from the present end to Palm; North Grand to Palm, and South Shafer to Washington.

With this end in view, the trustees last evening ordered the city attorney to draft a resolution of intention to sever these places, which resolution is to be presented to the board next week.

This resolution is the primary step in forcing in the sewers, but there seems small likelihood of much of it being done under the Vrooman Act, since already the residents of the street are negotiating for private contract. The firm of Harden & Zimmermann informed the board that almost the entire frontage of North Olive had agreed to sign private contracts, and that negotiations are pending with other streets.

The board was informed that the section of North Glassell street which had been posted with a resolution of intention has been put under private contract, and work on the sewer will begin immediately. This will eliminate any delay in putting the line into use.

HICKORY STICK FOR BEACH SCHOOLS

Long Beach Reverts to Good Old Fashioned Discipline for Unruly Students

LONG BEACH, Nov. 16.—According to the ideas of the Long Beach Board of Education, adopted at a meeting last night, schoolroom discipline of the good, old-fashioned sort, involving the hickory stick, is the proper method, and from now on boys in real need of trouncings will continue to receive such discipline in the public schools of this city.

The matter of corporal punishment was brought to the attention of the board by Superintendent James D. Graham, who advised the formal adoption by the board of rule No. 20, for the regulation of department. The rule, as found in the yearbook for 1911, is as follows:

"Teachers shall avoid corporal punishment where obedience can be obtained by milder means. In administering corporal punishment they shall avoid striking the head and the hands. They shall use a switch or light strap in such manner as not to inflict bruises or lasting marks and shall have at least one teacher as a witness. They shall at once report such punishment to the superintendent. They may refer all incorrigible cases to the principal."

PLANNING TO TRIM TREES ALONG STREET

If he will only do it, every man can trim his own trees better than anyone else—at least he thinks he can.

Supervisor Leck of Tustin is willing to give every man in his district a chance to do his own trimming, and he has published a notice inviting them to do it.

"It is just this way," said the supervisor. "Some of our trees have the limbs hanging pretty low, and they interfere with the passing of vehicles. Some of the limbs and foliage block the sidewalks. The trees will look better and be of no annoyance if they are trimmed. They ought to be trimmed, and if the residents do not care to do it themselves I can have my road overseer attend to it. The trees must be trimmed, whether the property owners do it or the road overseer."

HOPE TO EVEN UP THE SCORE

Santa Ana Boys Are Going After San Diego's Scalp Saturday

Next Saturday Santa Anans will have the last chance to see the home boys on their own gridiron against a high school team, when the San Diego team comes for a return game.

San Diego and Santa Ana played a game in the south city early in the season with each team claiming a victory. San Diego claims it with a score of 6 to 3, while Santa Ana claims a 6 to 8 or 9 score. San Diego based her faith on the decision of the referee relating to a blocked punt which Captain Newcomer protested at the time, claiming a touchdown which would have given Santa Ana the game by the 6 to 8 score. Within the last few minutes of play "Bill" Warren blocked a punt that bounded over the San Diego goal line and over a fence behind the line. Brick downed the ball behind the goal line but the referee held the down to be no down and ordered the play played over. San Diego then got her punt off safely.

The case was stated to Coaches Stagg of Chicago University, a member of the Rules Committee and Stanton of Pomona and Pijol of Occidental as well as to several high school coaches, all of whom hold the play was a touchdown. So the game stands. At any rate the teams are closely matched and the local boys are determined to leave a wide enough margin in the score to allow of no disputes this time.

The team still shows the effects of the hard Pasadena game, but are rounding into form again and will be on edge for Saturday's final.

The game last Saturday between Long Beach and San Diego showed that the team from the south-end has greatly strengthened since the game with Santa Ana, but so has the home team. There'll be something worth while seeing at Lincoln Park at 2:30.

HERO MOTORMAN OF HUNTINGTON BEACH CAR SAVES CHILD

Los Angeles Examiner. An act of heroism, declared to be unequalled in the history of the Pacific Electric railroad, came to light yesterday when John Peters, a motorman, saved a 6-year-old child from death under the wheels of his Huntington Beach car, at Santa Fe avenue and Thirty-fifth street. The car, according to the report given, was running along Santa Fe avenue when Peters saw the child dash in front of the coach.

Reversing the power, he attempted to stop. When he saw that the coach would not stop before the child was struck, although slackening speed at every revolution of the wheels, he swung from the steps and ran for the child.

He literally threw the child from the track and received the bump of the car himself. He was shaken up, but continued on his run to Huntington Beach.

1200 WOMEN ON REGISTER

County Clerk Has Not Yet Received All the Registration Books

County Clerk Williams estimates that there are 1200 women registered in Santa Ana for the school bond election to be held on December 14. As yet all of the registration books have not been turned in by the deputies appointed by the clerk to receive registration affidavits, and for that reason the clerk is unable to give accurate figures.

There being about 2150 men registered, the 1200 women bring the city's total registration to 3350. It is probable that next year the registration of women here will reach 2000, which will give Santa Ana a voting population of between 4000 and 4500.

How many votes will be polled on December 14?

USE TIZ—SMALLER FEET

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them

—Everyone who is troubled with sore, sweaty, or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principle of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists, 25 cents per box, or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

AMUSEMENTS

Grand Opera House

Take a week of hilarious merriment and compress it into two hours and forty-five minutes and the result is about as much laughter as mortal is capable of in that length of time. That is "Seven Days," the comedy by Mary Roberts Rinehart and Avery Hopwood which Messrs. Wagenhals & Kemper will present at the Grand Opera House Sunday, Nov. 19.

"Seven Days" is a week of the jolliest, heartiest humor conceivable, and it is the biggest laughing hit the stage has ever seen. Said Matthew White, Jr., in Munsey's Magazine: "Seven Days" is the richest comedy you can ever imagine. I use the word in every sense of the term, meaning that it not only contains enough fun to fit out three or four ordinary comedies, but it is also full of clever epigram and repartee." This description ought to convince everybody that this is a comedy to see and enjoy, for the writer's opinions on the drama are of recognized weight. If further assurance be required it can be had from thousands who have laughed themselves into convulsions over this play in New York, Boston, Philadelphia and elsewhere.

"Doc" Roberts Has Secured It
It will be presented at the Temple Theatre, three afternoons and nights beginning Monday afternoon, Nov. 20. This is the original and only version of Dante's Inferno. There are five artistic reels, making a two hours' show.

Dante's Inferno, which has been justly considered throughout the ages, as one of the monuments and masterpieces of human genius, is now placed, in unsurpassable beauty, before all mankind. This attraction has been shown in all the larger cities in the leading theaters as a special feature attraction and has attracted the attention and patronage of learned men, scholars and society leaders. To produce the marvelous scenes pictured in Dante's vision, was considered impossible but the Milano film makers with indefatigable determination have at last perfected every detail. The hundred or more scenes are pronounced by art critics to be the acme of human ingenuity. The exhibitions are accompanied by a descriptive lecture which follows the story and pictures as they are reproduced on the screen. Afternoon, 2:30; nights, 8:15.

Church Fair and Supper

"CHINESE WAR CAUSES"

Khong Loy of the Chinese Empire Reform Association declares that the uprising in China is not against the "reigning dynasty simply because it is Manchu." The rebellion is the natural result of the awakening of the Chinese people, and of the decadent, inefficient, corrupt, old absolutism. It would have been the same had the dynasty been Chinese. Had the Manchu dynasty been progressive it would still be secure. Khong Loy attributes the uprising to "several government measures that gradually alienated the loyalty of the people until the climax, which took the form of open rebellion, was reached." The first of these was the refusal of immediate convocation of parliament last year. The next was the edict of May, this year, which made it plain that the ministry was to be made answerable to the crown instead of the people. The third, and final, was the decision of Peking to construct the railroads with foreign loans instead of permitting the Chinese to build them. These are the immediate causes of the war. But there is more. Dr. Sun Yet San, in his brochure, "The True Solution of the Chinese Question," written many months ago, summarizes the situation in this brief statement:

"The most superficial knowledge of Asiatic affairs will convince any one that this (the far eastern menace to peace) lies in the weakness and corruptness of the Manchu government."

What was it that produced the Boxer trouble? Certainly this weakness and nonprogressiveness? What was it that resulted in the Japanese war? The weakness of the Manchu dynasty, resulting in its inability to control and govern its empire? What was it that brought on the present rebellion? The official acts which Khong Loy mentions were only the immediate or inciting causes. The real cause is the fact that China, under the Manchu rule, has the most corrupt government under the sun, and that, the Dowager having gone, the government has been weak and vacillating and unable and unwilling to keep step with the people. In ten years the people of China have ceased to think absolutism, but the dynasty still forced it on them. In ten years the people of China have learned that there are forms of government which account and are responsible for every dollar collected in taxation. Still the government was conducted with old Prince Ching, "the great squeezer," at its head, on that tribute system which, according to the late Sir Robert Hart, yielded to the treasury only about thirty cents of every dollar wrung from the people. The dynasty had retired Yan Shih Kai, Tuan Fang and other able men, and uneducated incapable royal princes had been put in their places. The future was hopeless just when the Chinese were so hopeful. There was racial prejudice, but the result, possibly with the exception of massacres, would all have been the same had it been the Ming dynasty.—Indianapolis News.

PUSH ALONG THE PEACE PROPAGANDA

Regardless of what the specific outcome may be in the matter of introducing military training in our public schools, the agitation of the question has been and will be of great value in promoting the peace propaganda which is sweeping over the world, and which is receiving its greatest impetus in our own country. We fully agree with the Long Beach Press that there cannot be too much or too persistent preaching of universal peace, and that nowhere should there be more frequent voicing of peace sentiments than in Christian pulpits. Christ taught peace, exemplified peace. The Beati-

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Current Jelly

Wash the currents, put them, still wet, into the preserving kettle and set where the fruit will heat very slowly. When it is hot and broken squeeze it through a jelly bag. Measure a pound of sugar. Put the sugar in shallow pans in the oven over to heat, stirring it often, that it may not burn. Return the juice to the fire and boil steadily for twenty minutes, then add gradually the heated sugar, bring to the boiling point, take from the fire and pour into glasses.

—California is the cynosure of all eyes," said Mrs. Hester T. Griffith, president of the Southern California W. C. T. U. upon her return yesterday morning from the national convention in Milwaukee," said the Los Angeles Examiner of this morning. "Since the suffrage victory in this state the franchised and disenfranchised of every state are looking to Southern California for results which will affect the suffrage campaigns in other states as well as the work following the suffrage victories," continued Mrs. Griffith.

"California has held the attention of the national conventions for several years, in that the prizes awarded by the organization have been by California students. To pupils of the Pasadena high school the prize has gone for the past three years for high school essays. I have the prizes, two of them, with me," said Mrs. Griffith. The first, for the best scientific essay upon temperance, goes to Bondini B. Atterbury, of Pasadena. The prize is \$50 in gold.

"The University of Southern California gets another prize of \$150 for the best essay written by a university student. The competition was keen," continued Mrs. Griffith, "which proves that California wins out even where the struggle for supremacy is sharp."

Mrs. Griffith, who has been interested in prison reform for many years, stopped at San Quentin upon her return home and is enthusiastic over the recent ruling that the \$25, which had been a requisite of parole, has been abolished. "The many reforms and changes contemplated promise the eradication of the obnoxious customs which have characterized our penitentiaries," said Mrs. Griffith.

Doings In Social and Club Circles

Household Economics

The third section of the Household Economics will meet Friday, Nov. 17, with Mrs. Andrew Getty, 1418 North Main street.

In the jolly company with Mr. and Mrs. Wilkinson were their three children, Lola, Dee and Delbert, Mr. and Mrs. Davis and son, Earl, E. O. Martin and Lester Wilkinson.

Was Surprised

W. H. Wilkinson had a surprise of his life Wednesday night, when his brother, L. M. Wilkinson, whom he had not seen since twenty-five years ago, arrived in Santa Ana. After the pleasant surprise was over, they were served with a quiet supper, which was partaken of by ten people. After supper they drove back in their seven-passenger automobile to Los Angeles. They will make a tour of Southern California and may settle in Santa Ana or Los Angeles.

Woman's Civics Club

The Woman's Civics Club will meet in the city hall on Saturday at 2:30 p.m. E. M. Nealley will lecture to the club on the subject of "Ponds and Methods of Taxation," a most timely and important matter for women to learn all they can about, considering the near approach of a bond election in this city. It is hoped that a large number will avail themselves of this opportunity.

Luncheon for Club

Mrs. Hiram D. Connell, who has frequently been a substitute guest of the Afternoon Whist Club, yesterday delightfully entertained the club with a noon luncheon. The affair was pleasantly informal. White chrysanthemums were used in table adornment, and covers were laid for eight.

The afternoon hours slipped quickly by in bridge whist, the hostess giving pretty prizes both for high score and as consolation.

Successful Masquerade

A real social success was enjoyed by the Fraternal Aid Association in its masquerade dance given at Moose Hall last evening. The attendance was good, the music by Brown's orchestra was inspiring to the dancers.

The principal reason that it is better to take the breath exercises in a reclining position is that the body is more completely relaxed then. Another reason is that the chest is held up much better and the lung space enlarged allowing a freer and more expanded movement of the lungs. The exercises should be practiced also in a standing position, when it will be necessary to more carefully watch that the chest remain elevated as one expels the breath as well as inhales it.

All clothing should be perfectly loose. In fact, that particular garment which might be more fittingly described as "a peril" than "apparel" ought to be utterly discarded.

Tomorrow we shall describe an exhalation exercise. Meantime don't forget our Kindergarten recital on Saturday afternoon at the Conservatory. The time is 4:30.

Main 214

and the costumes of the participants were varied enough to make the scene one of interest and amusement. Ice cream and cake from the Dragon were at hand for the refreshment of the dancing maskers.

Prizes were awarded to Mrs. Leo Fallert and Thos. Hays for the most artistic costumes. Mrs. Fallert wore a Grecian costume, and Mr. Hays was successful in a Morris Perlmutter characterization. The best sustained impersonations were those of a "cuddled" cakewalker by Miss Kate White, and a clown, by Sam Burke. The judges in the costume contest were Mrs. Janie Edwards, Mrs. Katherine Hamlin and L. M. Hopper.

Courtesy to Officers

Mrs. Max Reinhaus, who is nearing the close of her administration as worthy matron of Hermosa Chapter, O.E.S., was the efficient hostess at a delightful party tendered by her yesterday afternoon to her officers and the chairmen of committees serving with her during the year.

The Reinhaus home was abloom with pink roses and graceful ferns, and in this attractive environment the guests were entertained with progressive whist.

Refreshments of delectable sort were served by the hostess after the games.

Gold Medal Contest

A gold medal contest under the auspices of the County W.C.T.U. will be held at the Methodist church, Garden Grove, on Tuesday, Nov. 21, at 7:45 p.m. The following will be contestants:

Garden Grove—Mr. Chas. Holt, Mr. Edward Chaffee, Miss Genevieve Carner, Mrs. Dorothy Jentger, Mrs. Estelle Harper; El Modena, Miss Elsie Deam; Santa Ana, Mr. Roy Elliott.

Special features, including a reading by Fred Willis and music by the Baraca quartet of Santa Ana, will give additional pleasure to the entertainment, admission to which will be free.

To Cure a Cold in One Day

—Take Laxative Bromo Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

The Truth About Christian Science
Mr. Bliss Knapp, C. S. B., of Boston, who has been lecturing in Los Angeles, will deliver the same lecture next Friday evening at the Grand Opera House.

You may be interested to learn of Christian Science from one who is well qualified to speak from a Christian Science standpoint, as to its fundamental truths.

Box Social Friday Night

—Everyone is cordially invited to attend a box social and dance, to be given by the Fraternal Brotherhood, Friday evening, Nov. 17. Fifty cents buys a box and entitles you to dancing, for which special music has been engaged. Ladies bring boxes, and everyone come and enjoy yourself.

COMING SOON

—Watch for Lightenberg at Taylor Bros. Confectionery.

—Ladies' tailored suits, at Gilberts. You never saw a better assortment; \$15.00 and up; all the mixtures, at Gilberts, "Inc."

—A cordial invitation is extended to all to attend the Christian Scientist lecture at the Grand Opera House, tomorrow (Friday) evening.

WOULD CHANGE DATE FOR INAUGURATION OF THE PRESIDENT

WASHINGTON, Nov. 16.—Representative Henry of Texas, chairman of the House committee on rules, is confident his resolution to change the date of inaugurating future presidents of the United States from March 4 to the last Thursday in April will be passed with the coming session of congress. This would leave the constitutional amendment to effect the change up to the states for ratification and Henry is certain that it would be approved.

Henry and other advocates of the change of date plan say that it is ridiculous to have the congress elected in one November sworn in thirteen months later as is now the case, and his resolution takes care of this point. It reduces the interval to two months.

NEW SODA FOUNTAIN OPENING AT TAYLOR'S ON SATURDAY NEXT

MR. LIGHTENBERG, FAMOUS SODA DISPENSER, IS HERE

Ice Sculpturing in Store Windows—Will Carve Animal Heads, Human Heads, Etc., Out of Ice

A New Liquid, Iceless, Clear Counter Service Soda Fountain has been installed at Taylor Bros.' confectionery store, at 216 West Fourth street, and a grand formal opening will be held on Saturday, November 18th.

This is the most up-to-date type of fountain manufactured and Santa Ana is one of the first cities on the coast to secure one of these new style soda fountains, through the enterprise of Taylor Bros. and their manager, Flinis Anderson. The liquid iceless is superior to the old method of icing soda water in every way, and innovations will meet you in every department, as the firm is sparing no expense to meet the clamor for the up-to-date in the soda water business. They have secured the services of Mr. Lightenberg, who is the recognized dean of soda dispensers, and has spent fifteen years in the soda water business, to take charge of that department, and cater to the lovers of soda water, ice cream and fancy fountain delicacies here in Santa Ana. Here you will find Mr. Lightenberg, the famous soda dispenser and palate

teasing artist, who will serve you with his latest, original, cooling drinks and Sundae from the new fountain with all its sanitary features. Every day he will paint on the store windows the bulletin telling you of the special fountain delicacies.

He comes here after a successful soda campaign in Pasadena, Long Beach and cities in the northern part of the state, including the successful opening of Mr. F. D. Ryan's \$30,000 Palace of Sweets at Sacramento. Mr. Lightenberg has been employed in many large cities and has gained fame as an ice sculptor, notable among which was his work at the Exposition at Cleveland, carving a Goddess of Liberty out of ice with electrical effects, standing 7½ feet in height, consuming 4500 pounds of ice and 2½ hours of constant work. He will be furnished with Taylor Bros.' head from 300 pounds of ice in the remarkable time of 8 minutes, and declared by those present a great piece of work.

Mr. Lightenberg extends to the people of Santa Ana a cordial invitation to pay Taylor Bros.' confectionery a visit on Saturday, November 18th, and a surprise in fountain delicacies is sure to greet you, as a favorite you are sure to find.

REMEMBER, NOV. 18, AT TAYLOR BROS., DON'T FORGET "THE TIME, PLACE AND GIRL."

Music will be furnished afternoon and evening by Brown's orchestra.

Mr. Lightenberg will appear in the window at 2 p.m. and 7:30 in the evening to carve models out of ice.

BIG FURNITURE SALE COMMENCED TODAY

Greatly Reduced Prices and Other Special Offers Are Attracting Customers

This morning the great money-raising sale at Lane's furniture store opened and today the big store has been a very busy place. It is not often that a magnificent stock of furniture, such as this well-known house carries, is offered at reduced prices, for it is a fact that the goods are being sold at prices that are much lower than goods of equal quality can be bought for, ordinarily. Not only is this true, but the reputation of the store is such as to inspire perfect confidence in any statement made regarding the quality of all goods offered in this sale.

Dinner Sets Free

As an extra inducement to buyers, in addition to the reduced prices, there will be a large number of decorated china dinner and tea sets given absolutely free to customers. Several of these sets were given today, but there are still a number of them on hand. Purchasers of goods to the amount of \$50.00 or more will be given a decorated dinner set, while they last. There are 24 to 42 pieces in each set and those first to buy get choice; only one set will be given to a customer.

TWO WEEKS TREATMENT

We have been explaining Osteopathy, now we want to demonstrate the work. Read the special strate the work. Read the special offer.

There are people in Santa Ana and vicinity who are suffering from the effects of falls, strains, or other accidents, that have caused slight injuries to their spines, resulting in nervousness, neuralgia pains, or numbness, poor circulation, headaches, throat or bronchial trouble, pain in the chest—indigestion, sluggish liver, constipation and other ailments that I know positively could be benefited, or entirely relieved by Osteopathic treatment.

There are children, whose little ailments are directly due to injuries received at play. Some of these are developing spinal curvature. These troubles can be cured now, while the little bones are soft, when the spine has become set, it will be too late. I believe if parents could realize these things they would gladly place these children under Osteopathic care.

So many people could be helped, if they but knew the value of Osteopathy, and they would all become enthusiastic friends of the Science. This is what I want. I want to help you, and I want your influence for myself and for Osteopathy, but I also realize that to many, the Science is new, and is somewhat in the nature of an experiment, and for this reason I am going to make it possible for those who would like to give the treatment a trial to do so, at very little expense.

My Special Offer

Just to get you interested in Osteopathy I will give two weeks' treatment free to all patients who begin before Nov. 25th, 1911, and who will agree to take at least one month's treatment.

In other words, when you pay for half a month I will give you a receipt for a full month; of you arrange for one month I will give you a receipt for 6 weeks' treatment.

This will give me time to show some good results. One month may entirely relieve you, if so, I shall be delighted, for I think you will tell your friends. If one month is not quite enough, you will be so pleased with results you will want to continue until cured.

After Nov. 25th my charges will be the usual Osteopathic fees.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

AVIATOR GIVES REASON FOR FALL

Los Angeles Examiner: Calbraith P. Rodgers, whose ocean-to-ocean flight nearly cost him his life Sunday evening in a field south of Los Angeles, is recovering rapidly, and hopes to be out in two or three days. He says he will complete his trip next Tuesday, starting at the place where he fell.

Rodgers was very talkative yesterday. His mind was much clearer, and he ventured a few reasons as to why aviators get killed. Between puffs on a long, black cigar, as he lay propped up in bed, he said:

"Etheral asphyxia, somniphobia, that is, something that lurks in pockets in the upper air strata, and creeps irresistibly upon the senses of an aviator, lulling him into dreamy unconsciousness, is what did this job."

"I lay this same thing blameworthy for the death of Archie Hoxsey, Ralph Johnstone, Eugene Ely and dozens of other aviators, who have come hurtling to earth from great altitudes, after seemingly having lost control of their craft."

"It was not, in my case, the rarified air that overcame me. I have experienced hydrogen-lacking air, a dozen times and it never affected me. It was that terrible something that slowly creeps over a man, lulls his senses until he loses his control and then down he goes."

"There was no stifling sensation. But I did notice a peculiar odor, a sleep-producing property, not entirely unlike chloroform. I knew I was falling, but did not lose consciousness until within a few feet of the ground. I honestly believe I am the only human that ever lived through it. It killed Johnstone, Hoxsey, Ely and many others."

"The sense of drowsiness was first apparent shortly after I had passed over a small town south of Pasadena. I was up about 1500 feet. I tried to shake it off, but it increased. The desire to sleep was irresistible. Then I thought the machine could take care of itself. There was no pain, no noise in my ears. It was just a sweet, soothing feeling that I wanted to go to sleep."

"Somehow I got a grip on myself and started on a long glide toward the earth. The nearer the ground I got, the sleepier I became. I remember that I had righted my machine, and was looking for a place to land when I suddenly lost all consciousness. It was then that I fell. I don't know how far up I was then, probably 200 feet."

"Now it is my sincere conviction that Johnstone, Hoxsey and the other boys were victims of this same terrible feeling. They simply became unconscious while coming back to earth. They were flying at high altitudes and became sleepy. Then they started back to the ground. After planing downward several hundred feet they became unconscious. The air tragedy that followed is well known. Both fell from a much greater height than I did. Both were dead when they hit the ground, and the cause of their falls has always been a mystery."

"I believe it was the ethereal substance lurking in the air strata that overcame them. Other than to say it is strong enough to overcome any iron will power, and to lull a man into an unconscious state, I cannot explain it further."

In this explanation of the cause of his fall, Rodgers is believed to have given to scientists a subject which will afford much study before a solution is reached.

WALNUT GROWERS OF STATE BEFORE U. S. TARIFF BOARD

WHITTIER, Nov. 14.—Fred L. Hazzard and Dr. J. Allen Osmun left for the east yesterday to appear before the tariff commission at Washington in the interests of the walnut industry of California. Both are prominent walnut growers of Whittier and were chosen for this work by the growers' organization of the state. Fred L. Hazzard has been selected by the Southern California Walnut Growers' Association as its representative in Europe, where he will later proceed, and will spend at least two years investigating the European walnut industry. He will visit every country producing the nuts and will study the industry in all its phases. Paris will likely be his headquarters, as France is Southern California's chief competitor in walnut production.

In their work before the government tariff commission Hazzard and Osmun will be assisted by at least one more California grower, who will be chosen soon and who later will join them in Washington.

National Bank Advantages

The advantage of transacting financial affairs with a bank such as the First National, organized under the laws of the United States government, are many. Chief among these is the assurance of the highest degree of safety by reason of the rigid restrictions which the law places upon the manner in which loans shall be made, surplus set aside from earnings for the protection of funds, and in general the close inspection and supervision which the government makes of our affairs.

For the past few weeks we have been investigating the condition of things on the planet of Mars and would have been ready to report our conclusions had it not been that the recent blizzard which visited our friends over the Divide caused so many "hurry up" orders for warm air furnaces that we had to come down to more material things and help the inhabitants of earth keep warm. So, for a few days, we expect to keep busy putting up new furnaces where they are most needed and re-constructing others that have heretofore failed to work, but by and by there will be a few warm days and then there will be no more hasty orders until the next cold spell arrives.

THOUGH HEART
TORN HE RAN

Rush Contends Winn Went
120 Feet After Receiving
the Fatal Shot

S. H. Overacker Will Probably
Know His Fate By Mid-
night Tonight

Probably by midnight tonight S. H. Overacker will know his fate. Today attorneys are arguing before the jury the merits of the question: "Is he guilty or not guilty?"

All evidence in the case was completed yesterday afternoon, and this morning the opening argument was made by Deputy District Attorney Koepsel, who clearly outlined to the jury why the prosecution believes that Overacker in his right mind deliberately killed G. A. Winn at Newhope on the morning of Jan. 13, 1910. He declared that at heart Overacker was a man who wanted to kill, that he hated Winn and gave way to that hate.

Koepsel's argument took less than

an hour. He was followed by Attorney Jud Rush for the defense.

"You are to say whether this man shall live or die," said he. "Ever should you bring in a verdict of manslaughter, it will mean death in the penitentiary for him, for he is an old man."

Rush declared that the conception of the prosecution that Overacker shot Winn as Winn's back was turned and as Winn was running away is a wrong conception. He said that Winn was struck twice, once as he stood probably aiming at Overacker his left arm near his side and partly up. That bullet went through the arm and into the flesh of the thorax. The other bullet entered the right arm and passed through the heart.

Rush contended that Winn was shot first as he stood partly facing Overacker, and was shot the second time as he whirled, and then, though she through the heart, ran 120 feet before he fell. Rush said it was a record in Los Angeles that a man after being shot through the heart jumped a seven-foot fence, ran seventy feet up a hill and 100 feet along a street before he fell, and a record in Santa Ana that a man though stabbed through the heart with a knife lived three hours.

Deputy Koepsel had declared that the double defense, self-defense and insanity, are absolutely inconsistent, in that an insane man could not realize enough to shoot in self-defense. Rush stated that the law makes no distinction between sane and insane when self-defense is concerned.

Rush is to be followed by District Attorney West.

To Probate Will
The will of Adolph Behmler, who died at Orange on Nov. 2, was filed for probate today, with the widow Katie, named as executor. The will was written three days before the man's death, and was witnessed by

V. M. Brown and Dr. Chapline. By he will \$2000 is left to a daughter, Emma, and the remainder of the \$8000 estate to the widow. W. M. Brown is attorney for the petitioner.

Petition Filed
Joseph Adot today petitioned that Irwin Bayha of Yorba be named administrator of the estate of Quirico Adot, who died on August 14. The estate is valued at \$1200. W. M. Brown is attorney for the petitioner.

Not a Deputy
Sheriff Riddock yesterday revoked his deputyship given by him to H. H. Hilman of Newport Beach.

Pleads Not Guilty
In the superior court this morning Lorenzo Martinez pleaded not guilty to the charge of murdering Ysabel Fernandez at the Santa Fe section house on Oct. 15. A. J. Green, who appeared as his attorney, stated that he might withdraw from the case.

An information was filed charging Termin Aguilar with attempting to murder Trinidad Rameriz at Talbert, attorney Green demurred on the ground that the information does not allege that Rameriz is a human being. The district attorney stated that the allegation is not necessary except in informations for murder. Judge West took the matter under advisement.

Not Located
Publication of summons has been ordered in the quiet title suit brought by Mrs. Mary H. Bailey against E. P. Hedderly and B. S. Stoneman. Mrs. Bailey made an affidavit to the effect that the last heard of the two men was in 1890 when they left Santa Ana, and cards have been received from every sheriff in the state to the effect that the men are not known in their counties. On this affidavit, publication was allowed.

Charges Insanity
Loomis R. King today swore to a complaint charging his wife, Floss, with insanity, alleging that she has attempted harm to herself and others.

INTERESTING
POPULATION
STATEMENT

The director of the census has issued from Washington a preliminary statement of the white and negro population of continental United States, as shown by the returns of the thirteenth decennial census, taken as of April 15, 1910. These figures have been prepared under the supervision of William C. Hunt, chief statistician for population in the Bureau of the Census, and are subject to later revision.

According to the returns of the thirteenth census, the population of continental United States (that is, excluding Alaska, Porto Rico, and other outlying possessions), which was 91,972,266 in 1910, is subdivided as to color, as follows: White, 81,732,687, or 88.9 per cent; negro 9,828,294, or 10.7 per cent; all other persons (Indians, Chinese, Japanese, etc.), 411,285, or 0.4 per cent. These figures for 1910 are compared with similar figures for each of the three preceding federal censuses in table No. 1 below.

At each preceding federal census here considered, the white population has constituted a somewhat larger percentage of the total population, with a corresponding decrease in the percentage for the negro population. The whites now constitute 88.9 per cent of the total population, as compared with 86.5 per cent in 1880, whereas the negroes now constitute only 10.7 per cent of the total population, as compared with 13.1 per cent in 1810.

The following table shows the decennial increase in the white and negro population of continental United States since 1880. In figuring the increase from 1880 to 1890, the population (117,368 whites and 18,636 negroes) specially enumerated in Indian Territory and on Indian reservations in 1890 is excluded, as similar figures for 1880 are not available.

Decade	Inc. in white	Inc. in negro	No. Per.	No. Per.
1900-1910	14,923,491	22.3	994,300	11.3
1890-1900	11,707,928	21.2	1,345,318	18.6
1880-1890	11,589,520	26.7	889,247	15.5

IMMIGRATION IN RELATION
TO WHITE INCREASE

There has been an increase in white population since 1900 of 14,923,491, or 22.3 per cent, as compared with an increase in negro population of 994,300, or 11.3 per cent. The excess in the percentage of increase for the whites is, of course, due in part to the large immigration of foreign-born whites during the decade. There is practically no immigration of negroes.

It is possible, however, to determine approximately what the increase of the white population would have been apart from immigration. From a preliminary tabulation the Census Bureau has ascertained that of the entire number of foreign-born white persons who were enumerated at the thirteenth census, about 5,000,000, or 37 per cent, were reported as having come to this country since 1900. If this number is deducted from the increase in the white population, the latter then becomes less than 10,000,000, instead of 14,923,491, while the percentage of increase is not quite 15 per cent, instead of 22.3 per cent. This figure, 15 per cent, is fairly comparable with the 11.3 per cent, by which the negroes increased, since each percentage may be accepted as represented approximately the natural rate of increase—that is, the increase resulting from the excess of births over deaths.

In making these computations, however, no allowance has been made for native white persons who may have emigrated from the United States. But, as against this, no allowance either has been made for the children born in this country whose parents have come to this country since 1900, and who almost certainly exceed the number of emigrants.

HARD TRIP MADE
SAFELY IN AUTO

Orange News: From the center of the northern fringe of counties in Kansas, west into Colorado, south into New Mexico, and west again through Arizona, by way of Yuma and San Diego, lies the trail of two Kansans, who arrived at Orange this morning. They are J. B. Taylor, a well-to-do merchant of Osborne, and E. L. Curl, a wealthy farmer of Alton. They left their homes on October 4th in an automobile, and tomorrow will have been six weeks on the road. Curl stops here to visit his son, Prentice Curl, who is a brother-in-law of H. Shaffert, and Taylor proceeded to Whittier, where he has relatives.

The men encountered numerous hardships en route, but they declare that the trip is full of experiences which will repay them for their time and labor. Floods and mountain roads delayed them at various places, and they were held back in New Mexico in rendering assistance to fellow travelers. They came by way of Burlington, Pueblo, and Trinidad, Colo., Santa Fe, N. M., and Phoenix and Yuma, following the trail of the road racers.

They made the journey in an Auburn "40," and the trip was remarkably free from trouble. One puncture was the total of tire trouble. It occurred in Kansas. At Pueblo, Colo., the tires were pumped up for the last time, and were not touched with a pump afterward. New packing for a pump was the amount of repairs done on the engine. The car went into a rut cut by one of the Phoenix racers and broke an axle, which was the only serious damage sustained.

Mr. Curl will remain here ten days, while Mr. Taylor expects to pass the winter in Whittier.
